You may also quickly access information at the web-site of any of the above stations.

If we are open but you wish to keep your child home, please give us a call or send us an email so that we know you are both warm and safe at home.

Outside Winter Play

The preschoolers will play outside every day during winter unless the temperatures are bitterly cold.

Children will need a warm jacket, hat, mittens, snow-pants, and boots.

Please label boots and snowpants with your child's name to avoid mix-ups.

When everyone is changing in and out of their winterwear, it is so easy to mix up similar looking boots and snowpants.

Please label.

24 Hour Wait

Please remember, JLOG's Sickness Policy:

If your child runs a fever they must be fever-free for 24 hours (without medication) before they may return to preschool. If they have a bout of vomiting and/or diarrhea they must wait 24 hours from the last episode before they may return to preschool. Thank you for following these guidelines to help other children stay well.
